E-Catalog ver 2020 - 1.0

# prime

The importance of water consumption has always been a sensitive subject for either public or private organizations in the world. The crisis of water consumption has led to the necessity of establishing a high-tech and high-quality faucet manufacturer who is able to produce economical, beautifully designed faucets for luxury kitchens and bathrooms within Iran.

Consequently, Shine Faucets company has started this mission, in 1984 located in Saveh / Iran. Our factory is facilitated with high-tech casting, machining, robotic polishing, electroplating, PVD coating, Assembly and technical design department. It has benefited from European technology and standards.

In addition, our professional full equipped quality control section helps us to check 100% of our products before reaching our customers.

Shine Faucets company has dramatically improved the culture of water consumption among Iranians, especially in the recent years. Nowadays we become one of the most well-known faucet manufacturers, in Iran and worldwide.

# prime

لطالما كانت أهمية استهلاك المياه موضوعًا حساسًا سواء بالنسبة للمؤسسات العامة أو الخاصة في العالم. أدت أزمة استهلاك المياه إلى ضرورة إنشاء شركة تصنيع صنابير عالية التقنية وعالية الجودة قادرة على إنتاج صنابير اقتصادية وجميلة التصميم للمطابخ والحمامات الفاخرة داخل إيران.

نتيجة لذلك ، بدأت شركة Shine Faucets هذه المهمة في عام ١٩٨٤ في ساوه / إيران. يتم تسهيل مصنعنا من خلال الصبب عالي التقنية ، والقطع ، والتلميع الآلي ، والطلاء الكهربائي ، وطلاء ، PVD وقسم التجميع والتصميم الفني. لقد استفادت من التكنولوجيا والمعايير الأوروبية.

بالإضافة إلى ذلك ، يساعدنا قسم مراقبة الجودة المحترف والمجهز بالكامل لدينا على فحص ١٠٠٪ من منتجاتنا قبل الوصول إلى عملائنا.

قامت شركة Shine Faucets بتحسين ثقافة استهلاك المياه بشكل كبير بين الإيرانيين ، خاصة في السنوات الأخيرة. في الوقت الحاضر ، أصبحنا أحد أشهر مصنعي الصنابير في إيران والعالم.

### Intelligent Basin

Code : 6127-12-114

PVD Color |

- Advanced Light Technology®
- red and blue LED
- Programmable intelligent electronic sensor
- lever mixer
- battery information : 6 volt DC
- power supply information : 220 to 6 volt AC/DC
- flow rate time : 0.5 to 4 sec
- The maximum water temperature : Up to 80 ° C
- low battery notification
- sensor domain : 18 to 22 cm
- Neoperl-cache aerator
- flow rate : 12 L/min
- Ultra-flex® connection hoses
